Notes

Packaged in an oversized card wallet with glassine cover, with foldout 'postcard set' insert.

Location recordings made with the assistance and liason of many individuals too numerous to

mention.

Original processing completed between 1981 and 1986. Final reprocessing for first CD release completed January 23rd 1990 at The Radio Art Foundation.

Extract from recordings made at Rollright, courtesy The National Trust, England.

The Hafler Trio wish to acknowledge their debt to the writings of T.C. Lethbridge as the original inspiration for this project. The pre- and re-processing techniques were largely suggested by P.L. Berger and T. Luckmann's book, "The Social Construction of Reality", and the unique archiving system of Koos Zwart.

Special thanks must surely still be due to Roland Spekle. Cannot now remember what for, though.

Dedicated to Lambsprink, Adair Brouwer and Norman.
