### Notes

White Russians have established themselves as London's most original and exciting new talents. Since forming in 2005 the band has played everywhere from the prestigious SXSW Festival in Austin Texas to the infamous Chicken-Stock Festival in Camden Town, London. White Russians have been described as The Meat Puppets meets Tom Waits. Their EP was recorded by producer Pedro Ferreira (The Darkness, Tokyo Dragons) and funded by Greg Alexandra (New Radicals) who after seeing a live show offered the band to record in Livingston Studios in Wood Green.
